Provides interviews with publishers, censored authors, and anticensorship activists, shares their views concerning young readers, and discusses the influence of censorship on children's literature. In the Great Commission, Jesus commanded his followers to

go into the world and make disciples, teaching them to obey all that Jesus had said. But the very first “great commission” was really given much earlier—to parents. In Deuteronomy 6, God calls parents to the task of discipleship in raising their children. Discipleship is the greatest test for the Christian family today. In today’s busy world, many parents feel overwhelmed and aren’t sure what to do—or even where to begin. In *Dedicated*, Jason Houser is joined by Bobby Harrington and his son Chad, as they unpack the simple, practical, and essential practices of spiritually parenting and discipling children in the home. An inspirational training manual to equip parents, *Dedicated* will empower parents to pass along their faith to the next generation. If you want to protect your assets and make sure they are distributed according to your wishes, think about establishing a living trust. It can be designed to manage your investments now and provide broader financial management later to make provisions for a surviving spouse, children, or others, and reduce the impact of estate taxes or avoid probate. This book explains the complicated issues, terminology, and planning strategies of living trusts to the layperson. When you meet with a qualified attorney you will be well prepared, versed in the language, and ready to discuss issues and strategies, which saves time, legal fees, and ensures peace of mind. Get started today! Based on a highly acclaimed UK title, *DRAFTING TRUSTS AND WILL TRUSTS IN AUSTRALIA* has been comprehensively adapted to provide authoritative guidance on drafting trusts and will trusts in eight Australian jurisdictions. Providing both a comprehensive range of precedents and a wealth of valuable advice, *DRAFTING TRUSTS AND WILL TRUSTS IN AUSTRALIA* cuts through verbosity and helps you to understand and prepare trust documents your client wants and needs. The book features chapters on key areas of trust law, including beneficiaries, trustees, trustee's powers and general provisions of a trust. *DRAFTING TRUSTS AND WILL TRUSTS IN AUSTRALIA* also offers a large number of precedents for both lifetime and will trusts. The precedents, which appear in printed form and on an accompanying CD-Rom, reveal a fresh approach to creating documents. A unique addition to the Australian market, *DRAFTING TRUSTS AND WILL TRUSTS IN AUSTRALIA* is an essential reference for those practising in tax law, estate and succession planning, family law and property law. You may not have had a say in how you entered this world, but you don't have to leave it that way. Provide your family peace of mind and make it easier on yourself. *Will, Trust, & Power of Attorney Creator and Estate Records Organizer* can help you create legal estate documents you actually understand. Here is your guide to ensuring your family will have a place to live, financial stability, and minor children are provided for. You'll discover how to: finalize your will, reduce potential family conflicts, express your wishes about who will get what property, select someone to raise minor children, create a trust to financially support minor children, reduce estate taxes, bypass probate court, authorize someone to act on your behalf regarding healthcare and financial matters if you become unable to make your own decisions, you become too sick to make your own decisions, organize important estate records, leave a final letter to your loved ones, understand the documents you create,

and much more. Regardless of its value, your family will likely benefit from an estate plan. And you don't have to spend a fortune to get it done, either. All of the forms you will need are included in this guide. Sample Forms Include: Wills: Last Will and Testament (for single and married couples), Self-Proving Affidavits, and Living Will. Trusts: Single Person Living Trust, Shared Living Trust, and AB Living Trust (with and without Disclaimer Statement). Power of Attorney: Healthcare-Durable Power of Attorney, Financial-Durable Power of Attorney, and Minor Child Care-Limited Power of Attorney. The Legal Self-Help Guide series provides information to those who want to understand their legal rights and responsibilities in an effort to resolve legal problems or know enough to feel confident in their decision to retain legal counsel. This Guide provides plain-English explanations as an alternative to the legal jargon that fills legal books. Express Your Rights. At Peerless Legal we believe the law is only useful when people have the tools they need to understand their rights. Join us on our quest to make the law usable and accessible to anyone. - Choose an executor. This grandmother's story chronicles the experiences and events that have shaped her life, including the sexual abuse of her four-year-old granddaughter in a daycare center. Grace tells of the emotional impact this violation has had on her family and their struggle with forgiveness. Asset Protection in Florida covers all facets of asset preservation for Florida residents. The Fourth Edition manual provides comprehensive analysis of the many steps available to protect assets from creditors' claims, both during your lifetime and at death. Among the many topics covered are homestead, trusts (both domestic and offshore), business planning, planning for dissolution of marriage, protection of retirement and education accounts, and the ethical aspects of advising clients on asset protection issues. Bankruptcy issues and tax planning are prominently featured throughout the text. The eBook versions of this title feature links to Lexis Advance for further legal research options. If children were little scientists who learn best through firsthand observations and mini-experiments, how would a child discover that the earth is round—never mind conceive of heaven as a place someone might go after death? Trusting What You're Told begins by reminding us of a basic truth: Most of what we know we learned from others. This book critically analyzes and theorizes trust dynamics in children's lives and how they impact upon children's participation, citizenship and well-being, drawing on a wealth of empirical evidence that examines trust in various institutional and cultural contexts. A guide to estate planning covers property ownership laws, beneficiaries, probate avoidance, living trusts, joint tenancy, life insurance, estate taxes, wills, business ownership, and pensions. This is a wonderful gift to parents, children, and estate planning practitioners. It offers a helpful reference on many items they need to consider when selecting a guardian for minor children and provides a souvenir to cherish forever. Lorraine del Prado, Vice President, Principal Gifts & Philanthropic Initiatives at Seattle Children's In this remarkable book, Virginia, a deeply caring and professionally accomplished person, brings what she shares with family, friends, and clients in her everyday life: compassion, wisdom, expertise, and a profound commitment to making our

world a better place through the wellbeing of children and families. Al Boren, CEO of the Shasta Family YMCA I highly endorse this book! It as a valuable tool for parents . . . and the best legacy we can leave our children. Brenda Baltrusch, Career Trust Officer at Large National Bank Every parent faces the often gut-wrenching question: “Who will raise my child in the event of a disaster?” As difficult as it is to focus on dire possibilities, selecting a guardian for one’s minor child is an essential part of every parent’s will. Parents who fail to act leave their child’s guardian unprepared and may leave their child’s future, routines, and traditions up to strangers to decide. If you could spend a few moments now that would make it possible to dramatically help your child navigate a profoundly difficult time later, would you? Letters to My Child’s Guardian offers:

- Many parent-attorney insights about child guardianship decisions
- Identifies critical legal issues and practical choices to consider in wills and trusts
- Demystifies this process for each family and provides great insight

Letters creates a unique “catastrophe” resource, jumpstarts vital discussions, and guides parents to share an enduring family legacy that will captivate future generations. Through Letters parents can supplement their estate plans in a non-legally binding fashion and reveal and preserve profoundly meaningful advice. Families can use this inspirational resource to create powerful letters of encouragement, advice, and wisdom for their children. For over thirty years attorney Virginia Antipolo-Utt has provided sophisticated and compassionate estate planning counsel to her clients about wills, trusts, and guardianships. Virginia graduated from Duke University Law School, enjoys writing and cooking, and since elementary school has enjoyed serving in many diverse volunteer capacities. Virginia lives with her husband, daughter, and fur-faced friends near Seattle, Washington. My goal is to teach people how to avoid the pitfalls of probate by showing them how to draft their own Family Living Trust, and to teach the importance of a Living Will, a Special Power of Attorney, and a Pour-Over Will. The examples in the book are a compilation of stories and problems with probate, and do not relate to any one person or family.

A TEXAS COMPANION FOR THE COURSE IN WILLS, TRUSTS, AND ESTATES introduces Texas-specific law that every student planning to practice law in this state should know. Developed and refined through six years of classroom use, these materials provide a solid grounding not only for the Texas Bar Examination, but also for estate planning practice in Texas. The statutory provisions included here are current through the most recent regular session of the Texas legislature in 2011, and incorporate important changes in areas such as the following:

- *Self-proving affidavits
- *Notice to will beneficiaries
- *Pretermitted children
- *Adult incapacitated children
- *Revocation of trusts following divorce
- *No-contest clauses
- *Community property with right of survivorship

A TEXAS COMPANION features the following: Statutory provisions from the Texas Probate Code, Texas Trust Code , and other relevant statutes, along with excerpts from the Texas Constitution Thirty-four edited Texas cases, selected for their importance in Texas law and pedagogical value and tested in the classroom Citations and cross-references noting recent legislative changes Logical

sequencing that tracks the chapter order in Dukeminier, Sitkoff, and Lindgren's *Wills, Trusts, and Estates* (8th ed. 2009), but may be adapted to any other casebook. Written in clear, conversational English, this book can help anyone understand how a living trust avoids the complications, expenses, and delays of probate at times of incapacity and death. In a country of ever-changing laws and regulations concerning estates, make sure your plan is one that is right for you and your family. This book was designed to describe in simpler terms many common tools used in estate planning by examining North Carolina statutes and caselaw. Constructing your own personal will or trust can be difficult, so this book has many examples and creative ideas you may want to use to provide for your loved ones, save on estate taxes, and control the final distribution of your assets. Planning ahead will give you and your family peace in knowing they will avoid the common hardships associated with estate planning.

Excerpt from Charter of the Corporation for the Relief of the Widows and Children of Clergymen in the Communion of the Protestant Episcopal Church in the Commonwealth of Pennsylvania, and Acts of Assembly Relating to the Same, and to the Yeates Trusts And whereas the persons so incorporated took upon them the execution of the trust and power by the said charter reposed and vested in them, regularly transacting the business of the said Corporation at stated meetings agreeably to the laws and constitutions made and enacted by virtue of the said Charter, and having received from time to time the subscriptions of the clergy, members of the said Corporation, and sundry benefactions given by charitable and well-disposed persons for the purposes in the said Charter set forth. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. 61 Everything you need to modify your will or living trust to protect your loved one's financial future. Readers say it best: "Very informative." "Saved me a lot of money and headaches!" "Recommend it for everyone who has to plan estates for their elderly parents" Living Trusts for Everyone is the best resource for setting up a living trust. Explaining in specific terms what benefits a trust will have, Ronald Farrington Sharp gives the tools necessary to set up a loved one's trust with no lawyers and no expense. Wills benefit lawyers. Trusts benefit the clients. Too often lawyers sell wills to clients only to sit back and wait to sell their probate services to their clients' heirs. Ronald Farrington Sharp describes the best way to handle modern estate planning and details the many advantages trusts have over wills in not only eliminating probate but in also protecting your assets for your heirs. Sharp explains why legal services are not needed to do the clerical work in settling a trust after death. This updated edition includes new information on an array of subjects, including:

Elimination of the federal estate tax for most estates due to increased exemption amounts Online assets The use of passwords, usernames, and websites Keeping trustees honest and the process of removing trustees for malfeasance Forms for simplifying the planning process Strategies to lower attorneys' fees With no legal jargon, just step-by-step instructions and sample form letters, *Living Trusts for Everyone* takes the mystery out of the process of setting up a trust. Decades of research have demonstrated that the parent-child dyad and the environment of the family—which includes all primary caregivers—are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. *Parenting Matters* identifies parenting knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States. *Your will, made easy* Write a will that suits your needs with a minimum of fuss. This book provides all the forms and step-by-step instructions you need to create a simple, valid will that protects your family and property after your death. Make a will that lets you: name beneficiaries to inherit your assets choose a guardian for young children set up trusts for minors, and name an executor (and a backup). Learn how to: choose appropriate witnesses finalize your will, and revoke or change your will if necessary. This book also explains basic estate planning, including steps you can take to avoid probate court. The updated 9th edition includes the latest changes in federal estate tax law and a new appendix that lists state probate exceptions. With *Downloadable Forms*: download wills, a beneficiary

worksheet, and other forms (details inside). Is utopia possible? Maybe not a perfect society, but is it possible to maximize the happiness of society? This book proposes that it is, indeed, possible to, at least, greatly improve the happiness of society by structuring the tax code according to 2 very simple economic principles that anyone can understand. It will greatly reduce inequality and give most people a much better start in life. Economic output can also be increased by changing the tax code to promote work. This book explains the history of wealth creation, and why the wealthy are rich. It also debunks the many arguments used to promote tax breaks for the wealthy. If this tax policy could be enacted, it would end economic slavery, and show how the world could potentially live in peace! This book also suggests a much better way to vote so that better policies can be implemented, thus reducing the influence of money and corruption in politics.
