Commanding
Officer's Standing
Orders are critical
to shipboard watch
standing. Written
by the captain and
used by watch
standers, Standing
Orders perform
many unique and
powerful functions
aboard ships. Using
genre theory, this
study provides

insight into the
specific roles
Standing Orders
play. This insight
also provides
deeper perspective
into commanding
officer to watch
stander
relationships, as
well as the nature
of CO power aboard
ships. Deeper
understanding of
the role Standing
Orders play
provides new
perspective on
shipboard
relationships,
communication, and
culture. In turn,
this new
perspective can
lead to reevaluation
of Standing Order
function and use.
