Walking Away from Faith Jun 09 2021 Why do some people lose their faith? Why do some choose to abandon religious beliefs that were once meaningful to them? And what happens when they do? In this no-holds-barred book, Ruth Tucker tackles the tough questions about losing faith. Providing historical perspective, she looks at the stories of prominent Christians, like Chuck Templeton and Billy

Graham, who have struggled with faith. She grapples with difficult philosophical and theological issues, exploring the intractable questions that bring people to the point of losing faith--suffering, science, answer to prayer, hypocrisy in the church, and more. Throughout the book, she explores the testimonies of some who have made the choice to walk away--and some who have returned. Tucker writes not just as a detached observer but as one who has also struggled with doubt and disappointment. In *Walking Away from Faith*, she shares her from her experience and tells you why she continues to choose faith. Reading her story and her interviews of others, you will find help for working through your own questions and doubts. You will also find insight for ministering to your friends, family, coworkers and neighbors who stumble between belief and unbelief. **The Faith Dare** Mar 26 2020 Dynamic Bible teacher dares women to step out of their comfort zones and live up to their full faith potential. O Me of Little Faith Jun 21 2022 In this O Me of Little Faith Ebook, author Jason Boyett brings you a transparent and personal account of his own struggles with doubts and unbelief in living out his faith. With humor and frankness, Boyett uses personal anecdotes and a fresh look at Scripture to explore the realities of pursuing Christ through a field of doubt. After three decades of knowing God, understanding Christianity, and living a Christian life, Boyett has come to the place where he can voice the tough questions and travel the road of uncertainty with blinders off, candor on. The message along the way is one of encouragement: Relax. Rely on the grace of a merciful God, a kind father who realizes that his finite creatures must have doubts, should have questions, and will have trouble making

sense of an infinite Creator. Ultimately, Boyett concludes that doubt and faith are not polar opposites, but actually work together, existing side-by-side. Uplifting, entertaining, hopeful, O Me of Little Faith will strike a chord with you and any Christian who's dealing with the uncertainties of living life in pursuit of a God who occasionally seems to disappear.

Fear Is a Choice Sep 24 2022 From fighting for his life to pursuing a career in the NFL, ACC Player of the Year and star Pittsburgh Steelers running back James Conner has lived a story offering wisdom and advice for anyone who has faced adversity. During his first two years at the University of Pittsburgh, running back James Conner became one of the Panthers' biggest stars, breaking records and winning the adoration of fans. Then, in the first game of his junior year, disaster struck in the form of a torn MCL. During rehab, James's health continued to inexplicably deteriorate until a chest X-ray and biopsy confirmed the unthinkable: a diagnosis of Hodgkin's lymphoma. Suddenly, it wasn't just the dream of an NFL career that was in jeopardy; it was James's life. Yet when he shared the news of his diagnosis publicly, James rallied family, friends, and fans, with his message of hope and courage: "Fear is a choice. I choose not to fear cancer." In just ten words, James defined his own journey on his own terms and refused to back down from one of the

most dreaded diseases known to man. Drawing strength from his faith in God and the support of his community and loved ones, James underwent treatment but continued to practice with his team despite the intense physical toll of chemotherapy. He was declared cancer-free within a year. Returning to the field in 2016, he finished his college career with a record-breaking 3,733 rushing yards and 56 touchdowns. Entering the NFL draft early, his success continued. Selected in the third round by the Pittsburgh Steelers, he quickly became one of the most beloved rookies in the league. In *Fear is a Choice*, James candidly shares his experiences during his battle with cancer and beyond, encouraging readers and illustrating the spiritual truths and personal principles that got him through his darkest days. James Conner is an inspiration for everyone who wants to learn how to tackle life's problems with dignity, faith, and determination.

Yet, while we hear these pleas, we're already functioning with existing beliefs—even if they are beliefs by default. So how do we choose what to believe—especially in the area of faith? Do we need to choose? In *Choosing Your Faith*, Mark Mittelberg encourages us, as Socrates does, not to lead an unexamined life. He invites us to examine why we believe what we believe. This examination will resonate with

A Chosen Faith Nov 26 2022 For those contemplating religious choices, Unitarian

Universalism offers an appealing alternative to religious denominations that stress theological creeds over individual conviction and belief. In this new edition of the classic introductory text on Unitarian Universalism, which includes a revealing, entertaining foreword by best-selling author Robert Fulghum (*All I Really Need to Know I Learned in Kindergarten, It Was on Fire When I Lay Down on It*), a new preface by UU moderator Denise Davidoff, and two new chapters by the authors, John Buehrens and Forrest Church explore the many sources of the living tradition of their chosen faith. [Christian Faith and Public Choices](#) Sep 12 2021 "This work traces the development of social ethics in European Protestantism from Barth's early dialectical theology (ca. 1920) through Bonhoeffer's Ethics, written during World War II. In this development, two major approaches to social ethics emerge: a theological radicalism, championed by Barth, which emphasizes the difference between Christian action and ordinary moral reflection; and a theological realism, exemplified by Brunner and Bonhoeffer, which stresses the possibilities for Christian cooperation in making and sustaining the social order. A final chapter traces the continuing influence of these approaches in Christian ethics today." -- Book cover.

The Inner Fire Dec 15 2021 Zoroastrianism might be a fast-declining religion in today's world, but what is remarkable is its eternal enigma. It is hard to believe that the hymns of the faith have travelled down to us in accurate form and poetic metre, purely through the memory of generations of priests. Zarathustra, the founder of the faith, belonged to a period of Persian history which antedated the Achaemenid dynasty (from 550 BC to 330 BC). He followed the old Rigvedic religion until he was the first to receive a

revelation from Almighty God. The Gathas—the most sacred text of the Zoroastrian faith—were first composed and sung by Prophet Zarathustra. Along with the complete comprehension of the Gathas, consisting 238 verses in the same language as the Rigveda, this book is for anyone who wants to gain a deeper understanding of the purpose of life on earth and what happens to mankind after death. The Gathas are extremely relevant in modern times for the fundamental reason that they are timeless. They do not emanate from Prophet Zarathustra's mind, but are revelations from Almighty God, making them universal in their approach. This book is an attempt to help the reader fully comprehend these and choose the path of leading a righteous life. Ecologies of Faith in New York City May 20 2022 *Ecologies of Faith in New York City* examines patterns of interreligious cooperation and conflict in New York City. It explores how representative congregations in this religiously diverse city interact with their surroundings by competing for members, seeking out niches, or cooperating via coalitions and neighborhood organizations. Based on in-depth research in New York's ethnically mixed and rapidly changing neighborhoods, the essays in the volume describe how religious institutions shape and are shaped by their environments, what new roles they have assumed, and how they relate to other religious groups in the community.

[Have a Little Faith](#) Feb 23 2020 What if our beliefs were not what divided us, but what pulled us together In *Have a Little Faith*, Mitch Albom offers a beautifully written story of a remarkable eight-year journey between two worlds--two men, two faiths, two communities--that will inspire readers everywhere. Albom's first nonfiction book since *Tuesdays with Morrie*, *Have a Little Faith* begins with an unusual request: an eighty-two-year-old rabbi from Albom's old hometown asks him to deliver his eulogy. Feeling unworthy,

Albom insists on understanding the man better, which throws him back into a world of faith he'd left years ago. Meanwhile, closer to his current home, Albom becomes involved with a Detroit pastor--a reformed drug dealer and convict--who preaches to the poor and homeless in a decaying church with a hole in its roof. Moving between their worlds, Christian and Jewish, African-American and white, impoverished and well-to-do, Albom observes how these very different men employ faith similarly in fighting for survival: the older, suburban rabbi embracing it as death approaches; the younger, inner-city pastor relying on it to keep himself and his church afloat. As America struggles with hard times and people turn more to their beliefs, Albom and the two men of God explore issues that perplex modern man: how to endure when difficult things happen; what heaven is; intermarriage; forgiveness; doubting God; and the importance of faith in trying times. Although the texts, prayers, and histories are different, Albom begins to recognize a striking unity between the two worlds--and indeed, between beliefs everywhere. In the end, as the rabbi nears death and a harsh winter threatens the pastor's wobbly church, Albom sadly fulfills the rabbi's last request and writes the eulogy. And he finally understands what both men had been teaching all along: the profound comfort of believing in something bigger than yourself. *Have a Little Faith* is a book about a life's purpose; about losing belief

and finding it again; about the divine spark inside us all. It is one man's journey, but it is everyone's story. Ten percent of the profits from this book will go to charity, including The Hole In The Roof Foundation, which helps refurbish places of worship that aid the homeless. **Choosing Faith** Mar 06 2021 A belief is a judgment that we assume to be true when making life decisions. Our beliefs cannot conclusively be proven true or false. Beliefs can be as simple as our preference for food or as profound as our religious beliefs. How are beliefs different from knowledge or opinion? How do beliefs develop and change over time, and how do they become the foundation of our purpose in life? This book is divided into three sections. The first explains how beliefs are formed in childhood and modified and adapted when we become adults. The second section explores different types of belief and introduces the notion of moral beliefs about right and wrong and religious beliefs about the existence and nature of God. The final section of the book explains how beliefs are prioritized into a faith that becomes our framework for making life decisions. The beliefs we hold most dear form the building blocks of our purpose in life. We have the freedom to choose our beliefs, so we have the freedom to choose our purpose. The goal of this book is to help the reader think deeply about this process and explore the meaning of this freedom. [Faith](#) Aug 31 2020 One

Pro-Choice and Christian

Mar 18 2022 Despite the claim by many Christian leaders that the pro-life/antiabortion position is the only faithful response to the debate about reproductive rights, many people of faith find themselves in a murky middle of this supposedly black-and-white issue. Christians who are pro-abortion rights are rarely pro-abortion. However, they view the decision to carry a pregnancy to term as one to be made by the woman, her medical team, her family, or personal counsel rather than by politicians. Pro-Choice and Christian explores the biblical, theological, political, and medical aspects of the debate in order to provide a thoughtful Christian argument for a pro-choice position with regard to abortion issues. Kira Schlesinger considers relevant Scriptures, the politics of abortion in the United States, and the human realities making abortion a vital issue of justice and compassion. By examining choice from a Christian perspective, Schlesinger provides a common vocabulary for discussing faith and reproductive rights.

A Woman's Choice Jan 16 2022 First Published in 1962, *A Woman's Choice* is chock-full of Eugenia Price's practical and wise suggestions on how women can participate with God in the day-to-day business

of living through their problems. Eugenia Price has long been recognized for her ability to understand the modern Christian woman's problems. In *A Woman's Choice*, Ms. Price shares her responses to the many letters she has received from women all over the world. She advises her readers, in the straightforward manner that has made her so popular, that they "can live through their problems." However, she doesn't offer any quick fixes. Instead, she suggests that women place their trust in God so as to clarify and strip away their confusion. Updated with a new Preface, *A Woman's Choice* is the book of choice for today's independent Christian woman.

Mere Christianity Nov 21 2019 In the classic *Mere Christianity*, C.S. Lewis, the most important writer of the 20th century, explores the common ground upon which all of those of Christian faith stand together. Bringing together Lewis' legendary broadcast talks during World War Two from his three previous books *The Case for Christianity*, *Christian Behavior*, and *Beyond Personality*, *Mere Christianity* provides an unequalled opportunity for believers and nonbelievers alike to hear this powerful apologetic for the Christian faith.

Catholic by Choice Nov 14 2021 "I look around the church as we sing. I was expecting the Hollywood version of a monastery, something European looking, with vineyards and massive stone buildings and ivy-covered

cloisters. I wanted sturdy monks singing with deep, vibrant voices, like the Gregorian chant CDs that I play at home when I take a hot bath and light candles and sticks of incense. ... Why am I here? To get a bit of rest. Read a few books. That's what I thought, anyway. Now, I'm not sure." Richard Cole initially saw his trip to a monastery in western Texas as a retreat—to check out for a few days, maybe a chance to catch up on his reading. Instead, Cole embarks on a zigzagging roller coaster of emotion and examination as he discerns, dissects, and discovers the incredible vibrancy of the Catholic community. *Catholic by Choice* provides a funny and joyous look at adult Catholic conversion from the point of view of a modern convert, telling a deeply personal yet relatable story of discovery, doubt, and finding a place at God's table.

God Nov 02 2020 NEW YORK TIMES BESTSELLER • The bestselling author of *Zealot* and host of *Believer* explores

humanity's quest to make sense of the divine in this concise and fascinating history of our understanding of God. In *Zealot*, Reza Aslan replaced the staid, well-worn portrayal of Jesus of Nazareth with a startling new image of the man in all his contradictions. In his new book, Aslan takes on a subject even more immense: God, writ large. In layered prose and with thoughtful, accessible scholarship, Aslan narrates the history of religion as a remarkably cohesive attempt to understand the divine by giving it human traits and emotions. According to Aslan, this innate desire to humanize God is hardwired in our brains, making it a central feature of nearly every religious tradition. As Aslan writes, "Whether we are aware of it or not, and regardless of whether we're believers or not, what the vast majority of us think about when we think about God is a divine version of ourselves." But this projection is not without consequences. We bestow upon God not just all that is good in human nature—our compassion, our thirst for justice—but all that is bad in it: our greed, our bigotry, our penchant for violence. All these qualities inform our religions, cultures, and governments. More than just a history of our understanding of God, this book is an attempt to get to the root of this humanizing impulse in order to develop a more universal spirituality. Whether you believe in one God, many gods, or no god at all, *God: A Human History* will challenge the way you think about the

divine and its role in our everyday lives. Praise for God "Timely, riveting, enlightening and necessary."—HuffPost "Tantalizing . . . My many thanks to Mr. Hardin for taking time to write this book." George Barton, Oklahoma City, Oklahoma "As a long time Christian, I thought I was walking in faith. At the same time, however, I was also walking in doubt and unbelief. Choosing Faith presented clear and succinct scriptural facts that showed me where I was missing the mark. Now I walk in victory." Richard Hardin, biblically unlocks spiritual knowledge and breakthroughs by practical keys, of faith and love." Luvena Gandara, Today's Woman Ministries, Yukon, Oklahoma Holy Envy Feb 05 2021 The renowned Christian preacher and New York Times bestselling author of *An Altar in the World* recounts her moving discoveries of finding the sacred in unexpected places while teaching world religions to undergraduates in Baptist-saturated rural Georgia, revealing how God delights in confounding our expectations. Christians are taught that God is everywhere-- a tenet that is central to Barbara Brown Taylor's life and faith. In *Holy Envy*, she continues her spiritual journey, contemplating the myriad ways she encountered God while exploring other faiths with her

students in the classroom, and on field trips to diverse places of worship. Both she and her students ponder how the knowledge and insights they have gained raise important questions about belief, and explore how different practices relate to their own faith. Inspired by this intellectual and spiritual quest, Barbara turns once again to the Bible for guidance, to see what secrets lay buried there. Throughout *Holy Envy*, Barbara weaves together stories from her classroom with reflections on how her own spiritual journey has been challenged and renewed by connecting with people of other traditions--and by meeting God in them. At the heart of her odyssey is her trust that it is God who pushes her beyond her comfortable boundaries and calls us to "disown" our privatized versions of the divine--a change that ultimately deepens her relationship with both the world and with God, and ours. **The Power of Choice** Mar 01 2023 Our Choices Lead to Happiness or Sadness Due to the situations, many people find themselves in; they think that the power of choice has been taken from them. They feel helpless, out of control of their own life. There are two main choices in this world, you can choose to FEAR the future, which limits the options available to you, or you can choose to have FAITH which opens up unlimited options. Through the media. Be it television, newspaper or the Internet we can be bombarded with fear from a morning to night, so much so that we

become accustomed to it and take it as the norm. If you are looking for examples of faith then you have to search for it, seek it out. Making the Right Choice In this book, I would like to restore some of that faith that may have been taken from you throughout the years. I will share stories of how both faith and fear are equally powerful and need to be treated as so. FEAR can bring sickness, depression, heartache. FAITH can bring healing, good fortune, mental clarity. When you take responsibility that the power of choice is within you and not in the circumstances that affect your life, then with that comes an within bliss. As you stand in faith, it allows God's love to flow into your life, creating stronger family bonds, peace of mind, healing, often off incurable diseases. I welcome you today to make a choice of faith and learn to leave fear behind. Where you once seen a dead end, you will now see crossroads. I leave the choice to join me up to you. Have a great day. Women Talking Dec 03 2020 The basis of the Oscar-winning film from writer/director Sarah Polley, starring Rooney Mara, Claire Foy, Jessie Buckley, with Ben Whishaw and Frances McDormand. INTERNATIONAL BESTSELLER "This amazing, sad, shocking, but touching novel, based on a real-life event, could be right out of *The Handmaid's Tale*." -Margaret Atwood, on Twitter "Scorching . . . a wry, freewheeling novel of ideas that touches on the nature of evil, questions of free will, collective responsibility,

cultural determinism, and, above all, forgiveness." -New York Times Book Review, Editors' Choice One evening, eight Mennonite women climb into a hay loft to conduct a secret meeting. For the past two years, each of these women, and more than a hundred other girls in their colony, has been repeatedly violated in the night by demons coming to punish them for their sins. Now that the women have learned they were in fact drugged and attacked by a group of men from their own community, they are determined to protect themselves and their daughters from future harm. While the men of the colony are off in the city, attempting to raise enough money to bail out the rapists and bring them home, these women—all illiterate, without any knowledge of the world outside their community and unable even to speak the language of the country they live in—have very little time to make a choice: Should they stay in the only world they've ever known or should they dare to escape? Based on real events and told through the "minutes" of the women's all-female symposium, Toews's masterful novel uses wry, politically engaged humor to relate this tale of women claiming their own power to decide.
