***Mountain of fire and miracles ministries gospel hymn book "At a strategic time in South Africa's history, the Christian history which is absolutely basic to all developments, is presented in a comprehensive and objective way. Too little attention is given to the influence of religion in socio-political accounts. This is a creative and much-needed contribution to scholarship and general knowledge. . . . An outstanding work."--Dean S. Gilliland, Fuller Theological Seminary Hymns in standard hymnal keys arranged for any combination of soprano or alto recorders (includes both parts). The Hymns Ancient & Modern Revised edition, first published in 1950, is a significant revision of the 1922 Standard Edition and introduced 20th-century words and music for the first time. This is a remarkable day in the history of Celestial Church of Christ. For years, It has been on our mind how do we elevate our HYMN BOOKS to a standardized HYMNS/BOOKS. It took us over two years diligently and relentlessly on a revamped/revised version of the Church's Spiritual Hymn Book. We went through all the HYMNS LINE BY LINE in translation from YORUBA to ENGLISH comparing other existed HYMN BOOKS. There are so many errors in other translations and mistakes. FEATURES WITHIN The whole English version fully translated. All the flaws removed Corrections of typographical errors and phonetically incorrect lyrics. Table of Contents in both Yoruba and English; Alphabetical Index in both Yoruba and English; English translations correspond to the same song number and page as the Yoruba translations & vice-versa; This revised and expanded 1848 textbook includes exercises for class practice of the tonic sol-fa system of teaching singing. This guide presents a new and uniquely South African approach to learning about staff notation - especially for musicians who are educated in the tonic solfa system. Readers will build an understanding of each aspect of notation by experiencing it as music. Tonic solfa is used in the earlier chapters to help relate the sounds to the concepts. The book**

***is designed for mature music students and adult learners whose first language may not be English. However, it will be useful to students of music from any sector of society, whether they are enrolled in a formal course or simply want to find out more on their own. Each chapter is devoted to particular aspects of notation and most chapters are built around a piece of music generally familiar to South Africans. Because South Africa has a strong vocal and choral culture, examples are often drawn from the choral repertory. The book and CD include many examples of South African music, as well as samplings of classical Western music and jazz. The CD also offers music clips played on a keyboard, illustrating some of the examples of notation given in the book. Examples and exercises are drawn from this rich representation, and, by means of self-tests, readers will steadily become confident in reading and writing music in staff notation. They will also build up a strong knowledge of how music works by seeing the structures of a wide range of music from diverse cultures in South Africa. **INTRODUCTION** This book is written and designed for a beginner who will be able to teach him/herself how to play a recorder and understand some theories of music with ease. Again, this book will be of a great help to students in understanding the practical aspects of music both at the primary and secondary school levels. These days, compositions have become a difficult task amidst the choir such that having their own copyright to musical compositions have become rare, rather songs from unknown sources are embraced. For this reason, church music has become less spiritual (1Cor.14:15b). However, this book will enhance the composing and singing abilities of choir in our various churches. It will also help them to sight sing lots of great gospel songs and hymns with tonic sol-fa. Churches are advised to recommend this book for their choir. In conclusion, this book contains lots of practical works that are playable with any other musical instrument, like saxophone, trumpet, piano, guitar, clarinet, flute, violin e.t.c. Therefore, parents are requested to encourage their children by buying them the book (*The Recorder's Book for Easy Learning with great gospel songs & hymns' tonic sol-fa*) and any musical instrument of their choice, apart from the recorder which the book centers on. This will indeed help them to showcase their God-given talents. This series of publications aims to fill the gaps in our history, highlighting in particular the significant roles played by black leaders form all walks of life. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it.
